Client Portal is a web-based platform that allows users to remotely place orders and look at Pathology reports for their patients. This service is accessible via a website provided by SBMF/LigoLab.

Using the Client Portal, you will be able to view, save and print the signed-off reports for your patients.

If you would like to sign up for this feature, or add additional users please submit the attached Client Portal New User Form to Katie Rodriguez Aparicio at krodriguezaparicio@sbmf.org. SBMF will then provide you with the default account information that you can use for the first log in.

For your convenience, a quick user guide has also been attached.
